

 **Wishbone Catering Pack**

We've got it Catered

Catering For Functions, Meetings & Conferences

Welcome! And thank you for thinking about Wishbone catering for your next conference, meeting or function. Our reputation for making fresh and healthy food for breakfast, lunch, dinner and all the moments in between is bound to keep your hungry troops happy.

This pack includes everything you need to know about how Wishbone can cater for your event. We're sure we can satisfy all appetites at any time of the day.

Pick Your Own Menu

To save you time, we've designed a handful of shared platters and individual lunch boxes to suit different appetites at different times of the day. We pre-cut sandwiches, wraps and baking to present nicely on platters. We also bundle up everyone's individual lunch boxes in a Wishbone branded lunch box including a paper serviette and cutlery as required.

If you have the facilities to heat up Wishbone yourself, we can also supply many of our products in bulk, such as our soups, pastas & curries. If you would like to order something from our store menu which isn't noted on our catering menu then please let us know.

The Strip

Ever since we opened our first store, we've catered for all our customers' dietary needs. Much of what we make at Wishbone is Low Fat, Dairy Free, Gluten Free, Meat Free, Paleo and Low GI. This is denoted on our packaging by The Strip - an easy to read and helpful nutritional strip we've designed which tells you what's what.

You can also filter products and search according to specific dietary requirements on our new website at www.wishbone.co.nz.

Low Fat	Dairy Free	Gluten Free	Meat Free	Low GI
